WINTER FUN

Private Luxury Moments

Mountains. Time. Space. Especially in difficult times such as these, Lech Zürs' core values are more important than ever. The mountain village was awarded the title "most beautiful community in Europe" by the Entente Florale Europe 2004 and is one of the 13 elite "Best of the Alps" most traditional Alpine destinations. For over a century, it has been magically attracting skiing enthusiasts to it's mountain world.

But it has so much more to offer: Those who don't fancy a thrilling downhill ski or powder runs will discover plenty of enchanting alternatives in Lech Zürs. While cross-country skiing in Lech Zürs, you'll find time and space to reflect on the essentials. During a winter hike, rediscover the fantastic landscape in an extra special way. Gourmets will be impressed by the quality of the award-winning restaurants in the Arlberg region. The fact that Lech Zürs is also referred to as "World Gourmet Village" bears testimony to that. Apart from its variety of offers, guests in the Arlberg region enjoy one thing above all else: the breath-taking mountain landscape which surrounds Lech Zürs like a protective wall, deflecting the hustle and bustle of everyday life. This makes it easier to take a deep breath and relax. The mountains give back time and space.

Due to the current situation, information may change during the 2020/21 winter season. Thank you for your understanding.

SKIERS RIDE KÄSTLE

The MX75 - legendary all-mountain performance #forskiers. With an innovative sidecut, new carbonreinforced HOLLOWTECH 3.0 and race-inspired, classic sandwichsidewall construction, the MX75 guarantees smooth handling and precision at speed. Perfect for discerning skiers like Katja Wirth, who seek a powerful piste ski that's also versatile enough for off-piste adventures.

JEDERZEIT IN BESTEN HÄNDEN

Bewegung in den Bergen gehört zu einem Urlaub am Arlberg dazu. Das birgt aber auch ein Verletzungsrisiko. Direkt im Skigebiet gelegen, ist die sport- und unfallchirurgische Ambulanz von Dr. Rhomberg mit dazugehöriger Tagesklinik die erste Anlaufstelle nach einem Unfall

Bestens beraten.

Der erste Schritt zur Genesung ist eine exakte Diagnose. Neben modernsten technischen Geräten wie einem offenen MRT-System und einem CT spielt dabei auch der Erfahrungsschatz aus drei Generationen eine wichtige Rolle.

Bestens behandelt.

Im Unfallsanatorium Dr. Rhomberg wird eine breite Palette an Sportverletzungen mit fortschrittlichen, schonenden Verfahren versorgt – von der arthroskopischen Gelenkchirurgie bis hin zur minimalinvasiven Frakturbehandlung. Die operativen Eingriffe erfolgen meist tageschirurgisch, je nach Verletzung sind auch längere stationäre Aufenthalte möglich.

Bestens betreut.

Die professionelle Nachbehandlung erfolgt in der direkt im Haus befindlichen Physiotherapie-Praxis von Astrid Rhomberg, MAS. So kann der Urlaub unweit des Hotels und der Familie in angenehmer Atmosphäre und in einem komfortablen Zimmer mit Blick über die Berge fortgesetzt werden.

Wirklich erholsam wird der Aufenthalt aber vor allem dadurch, dass man sich nicht nur in einer schönen Umgebung weiß, sondern auch in den besten Händen.

LECH ZÜRS Events

It is tempting to say, of course, that the most colourful events Lech Zürs has to offer are all about skiing. But that's not true at all. A quick glance at the village's event calendar again reveals the many facets of this chic mountain village. From the season opening with the European Media Summit to the Arlberg Weinberg event, the epic White Ring Race and the Tanzcafé Arlberg, winters here are packed with highlights.

For the community of Lech, Lech Zürs Tourismus and local businesses, health and safety are paramount. That's why we want to make our winter events as safe as possible for you, while still offering you enough culture, cuisine and entertainment for a memorable holiday. It is important to observe, comply with and respect the generally applicable health and safety guidelines. We have therefore developed tailored health & safety measures for all events. Detailed information and current info for each event is available on our website.

CULTURE AT THE ARLBERG

Past & future

Lech Zürs is proud of its cultural heritage and loves to open this up to visitors. The Lech Museum wows guests with special exhibitions addressing social issues and the Kästle Mountain Museum showcases the vibrant history of skis and skiing on the Arlberg. Furthermore, the Lech Zürs region has a special appeal for art lovers and is valued as a place for artistic encounters. The "Allmeinde Commongrounds" and the "Skyspace Lech", among others, are well worth a visit.

SKIING, FREERIDING & FREESTYLING

Skiing fun perfected

The legend of the Arlberg is based on the region's whole-hearted devotion to skiing. Snow White has paid a visit! White is and always be will the favourite colour of skiing enthusiasts including locals as well as guests. The key to all-round happiness is the Ski Arlberg Ski Pass, a ticket that grants access to all 88 cable cars, all 305 kilometres of ski runs and countless powder snow run throughout the entire Arlberg region.

New ON THE ARLBERG A new dimension of skiing

The Arlberg region has been the home of passionate skiing for more than 100 years. The desire to connect the entire Ski Arlberg ski area has almost as rich a history as skiing itself. This dream has now become reality thanks to the construction of the Flexenbahn cable car: The Arlberg region has become the largest connected ski area in Austria and the 5th largest in the world.

FREERIDING PARADISE

Let this number sink in for a moment: nine meters of fresh snow. This is the amount of snow which has fallen on average on the Arlberg since 1946/47. The combination of naturally abundant snow, variety of powder snow routes and increased safety thanks to the densely forested areas attract off-piste enthusiasts: the Arlberg is extremely popular among freeriders for good reason.

SNOWPARK

At a size of 3.6 hectares, the Snowpark Lech boasts 20 obstacles, all carefully shaped by the park's crew every day with the same passion the riders later dedicate to perfecting their tricks. Located at 1600 metres above sea level, the Snowpark meets the requirements of both professionals and beginners. The Easy Park provides novices with ample opportunities to practise their first jumps and tricks while the Medium and Pro-Line are intended for snowboarders and freestylers who wish to improve their skills.

THE LARGEST CONNECTED SKI AREA IN AUSTRIA

In order to explore the full extent of the Ski Arlberg ski area, even passionate skiers will need lots of time. The vastness of Austria's numberone skiing region is more than just a casual phrase – it is a promise of quality. Thanks to the 88 lifts and cable cars, skiers can explore 305 kilometres of linked ski runs. Add to this more than 200 kilometres of high-Alpine powder snow sections on the open skiing terrain.

Ski schools & agencies

Sporting expertise, from the basic techniques to guided off-piste ski tours. The Arlberg and ski schools of Lech, Oberlech and Zürs are an outstanding combination. The fascinating charms of an exceptional ski resort are paired with ski schools that strive to exceed their guests' expectations.

SNOW SPORTS

Over 500 highly qualified snow sports instructors, state-approved skiing instructors and ski guides personally ensure the progress, well-being and safety of their guests both on and off the groomed pistes. From skiing and snowboarding to experiences such as telemark skiing, snowshoe hikes and, in particular, accompanied ski tours and off-piste or heli-skiing, the ski schools offer a wide range of activities.

CHILDREN

Children from the age of 3 1/2 (Oberlech), 4 (Zürs) or 4 1/2 (Lech) years old are taught in groups by professional instructors who specialise in teaching children. There is a variety-rich practice area available for children to ensure optimal progress.

PRIVATE LESSONS

The range of offers for children and adults includes group and private instruction from the first steps in the snow to off-piste experiences away from the groomed pistes.

RESERVATIONS

Please consider making a booking in good time to secure a place in the ski lesson or with a private ski instructor. It's best to do this with the ski school of your choice when you book your accommodation.

You can find out full details of prices, course times and the current offers directly from the individual providers.

Lech Festival Wine

Every year, Lech's restaurateurs and sommeliers select for their guests the "Lech Festival Wine" from the Lower Austrian Weinviertel region. Beyond the Arlberg region, this culinary cooperation has also linked Lech's partner towns of Beaver Creek (USA), Kampen on the island Sylt (Germany) and Hakuba near Nagano (Japan) for over 25 years.

THE WINNING WINES

An independent jury selects the winning Weinviertel DAC wines in the Grüner Veltliner and Zweigelt categories, together with red wine cuvée. The project, which falls under the authority of the Probus winemakers' initiative run by Generali, is conducted in collaboration with the regional wine committee of the Weinviertel itself and the Weinstrasse Weinviertel association.

GRÜNER VELTLINER, A SPICY AND PEPPERY DE-LIGHT

The Lech Festival Wine – Weinviertel DAC – is closely connected to the Grüner Veltliner grape variety. This Weinviertel DAC is the typical wine

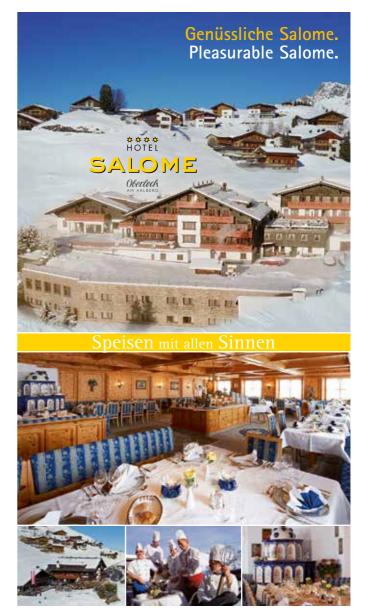

of the Weinviertel region, which is the largest of its kind in Austria. It is easy to distinguish on account of its light to greenish-yellow colour and its spicy, peppery and mildly fruity taste. The DAC label denotes typical regional taste and guaranteed origin.

HOLIDAY MEMORIES BY THE GLASS

Enjoy the Lech Festival Wine in the restaurants and bars of the region. You can also purchase it in a beautiful gift box from Vinothek Pfefferkorn enoteca as a memento of your wonderful holiday in Lech.

SUMMER VIBES

Lots of mountains, time and space

In summer, the mountain village nestled between majestic mountain peaks shows its power as a place of tranquillity. And yet it remains diverse: there are mystical landscapes to explore on foot, a golf course where you can improve your handicap, a chance to discover tradition first hand and plenty of enjoy culinary delights. And, of course: leaving everyday life far behind!

Lech in summer Experience Lech in

THE GREEN RING

The Green Ring is more than just a hiking trail: it offers time to fall in love with nature. Over three stages, it takes hikers to the most beautiful places and immerses them in a modern world of fairy-tales. Detectives of all ages can also solve the many riddles of The Green Ring with its strange secrets.

LECH CARD

Would you like to get your hands on the key to exploring the entire range of summer activities in Lech Zürs? It's called the Lech Card. From travel on the summer cable cars to day trips in the Zugertal valley and visiting the swimming pool: this leisure time ticket opens up a whole world of possibilities.

ARLBERG CLASSIC

Legends of the automobile world and a fascinating landscape are the perfect ingredients for the spectacular ARLBERG CLASSIC Car Rally. Impressing the spectators each year with rare classics, the top-level participants have to master some 625 kilometres from the Arlberg to Zugspitze mountain and back in just 3 days.

LECH PHILOSOPHICUM

Since its inception in 1997, the Lech Philosophicum has established itself as an international centre for philosophic exchange. Surrounded by Lech's mountains, its participants engage in immensely interesting debates and encounters revolving around the central issues of our time.

LECHWEG TRAIL

The Lechweg trail clearly shows just how much the Lech River characterises this region: from its source close to Formarinsee lake, it is unstoppable in its course to Füssen in the southern Allgäu region. When walking along the Lechweg trail, long-distance hikers follow the course of the river and discover some of the most magnificent places in Europe's last wild river landscape.

TANNBERGWEG TRAIL

Tannberg used to be the name of the Walser people judicial district which included Schröcken, Warth and Lech. And it's this legacy which you can explore when walking along the Tannbergweg trail. Partly negotiating narrow, high-Alpine trails, the themed trail leads hikers through the charming natural landscape and – over 57 stations – introduces them to the sites, places of residence and fairy-tales which have shaped the history of the Walser people.

GOLF

At 1500 metres above sea level, Lech offers a 19-hectare playground for all those who are passionate about improving their handicap. Located in the picturesque Zugertal valley, the nine-hole course is suitable for players of all levels and landscaped in such a way that players need to strike their ball across the Lech River several times.
