Limitless skiing fun!

The Arlberg has always been known for its pioneering spirit when it comes to winter sports – Hannes Schneider revolutionised the skiing technique known as the Arlberg school of skiing; in 1937, Austria's first tow lift was built in Zürs, and the Galzigbahn cable car in St. Anton was the first cable car designed for winter operation. These and other innovations made the Arlberg famous as the cradle of Alpine skiing.

An average of nine metres of snowfall each winter and about 70 percent of mechanically covered ski runs make the St. Anton, St. Christoph, Stuben, Zürs, Lech, Schröcken and Warth area one of the most reliable in terms of snow conditions. In Austria's largest skiing region and one of the five largest skiing areas worldwide skiers can explore 300 downhill skiing km, 200 km of deep snow skiing and 88 lifts and cableways as well as the spectacular Run of Fame skiing circuit. To ensure that the skiing pleasure on the Arlberg knows no limits even in times of Corona, we would like to ask our guests to observe the appropriate safety measures.

Welcome to Ski Arlberg!

Valid for the following lifts and cable cars: Lech/Oberlech/Zürs: Zugerberg, Rüfikopf, Schlegelkopf, Schlosskopf, Bergbahn Oberlech until 18:00 h, Petersboden, Weibermahd, Seekopf, Trittkopf I and II, Zürsersee and Flexenbahn. St. Anton/St. Christoph: Galzig, Gampen, Nasserein, Valluga I and II, Kapall, Rendl and St. Christophbahn. Klösterle/Sonnenkopf: Sonnenkopfbahn.

Mixed price charges: If the validity of a ski pass extends over several seasonal tariffs, a mixed price is calculated.

General

Payment methods:

All prices in € including VAT, additional €5,00 deposit charge for the Ski Arlberg card. The General Terms and Conditions of Ski Arlberg apply. Subject to changes!

The chip card remains the property of Ski Arlberg.

- Season start:** 03.12.21 (restricted operation possible); **End of season:** 24.04.22 (from 19.04.22 restricted operation!); Klösterle/Sonnenkopf: 18.04.2022.
- Daily choice passes** are only valid for one person (photo) and therefore not transferable. The points are deducted automatically the first time you pass the electronic reading devices, whereby the time shown on the reading device is decisive. Please observe the display information! Points deduction: Before 11:50 = 3 points; after 11:50 = 2 points; after 15:00 = 1 point. Daily choice lift passes are only valid in the winter season in which they were issued. Our goodwill gesture: Remaining points from the previous season can be used until 10.01 of the next winter season. When a new ski pass is bought by 10.01, any previous season points will be added (older points are always invalid!) up to the same number of points contained in the newly purchased daily choice ski pass. Points left over from the previous winter season will be forfeited without exception after 10 January of the current season. Residual points can no longer be taken into account from this date, even if a new ski pass is purchased. Subject to the tariff regulations of the Arlberg ski pass pool.
- Advance sales ski passes:** For the following day. The ski passes can be used from 16:00 h. Ski passes are valid on consecutive days.
- When restrictions apply:** in Lech-Oberlech-Zürs and/or Warth-Schröcken these tickets will be issued in St. Anton, St. Christoph and Stuben and at Sonnenkopf with limitation of validity for the respective areas.
- Proof of age required.**
- Children are transported** in accordance with the valid terms and conditions

The ski pass is only valid for one person and cannot be transferred, exchanged or modified. The operating hours of the lifts and cable cars can be found online at www.skiarlb.at, on the Ski Arlberg App and at the ski pass ticket offices or the lifts/cable cars. To prevent waiting at the ski pass ticket offices, many hotels and guest houses sell the ski passes directly (without extra charge). Please enquire at your accommodation. 3Talerpass: Attractive Ski Arlberg swap day tickets are available for season ticket or 3Talerpass multiple day ticket holders. For more information, visit www.skiarlb.at

The General Terms and Conditions of Ski Arlberg apply. These GTC and the conditions for the "Golden Moments" Club are available to the general public for viewing online at www.skiarlb.at, are displayed at the ticket offices and can also be obtained from the main ticket offices.

Limitless skiing fun!

Ski Arlberg, with more than 300 km of ski runs and 88 lifts and cable cars, is the largest ski area in Austria, fantastic for winter sports, and is one of the five largest ski areas in the world. Combined with the renowned Arlberg quality, every skiing day is a unique experience. Such as on the longest ski circuit in the Alps, RUN of FAME. Along the 85 km with an altitude difference of 18.000 m, skiers retrace the tracks of skiing pioneers and legends of sport and film who are honoured in the Hall of Fame at the Flexenbahn top station as well as in the lounges along the ski circuit. Those who pass all three checkpoints on the RUN of FAME and track these with the free Ski Arlberg App will receive a small gift. www.run-of-fame.ski

Local and ski bus (free of charge)

Local buses operate in Lech and Zürs. The ski buses in St. Anton/St. Jakob and in Pettneu, Schnann and Flirsch are marked with the line numbers. These buses and the Warth-Schröcken ski bus (between Schröcken-Unterboden and Warth-Lechleiten) as well as the Lechtal ski bus are free of charge (when used for the purpose of Alpine skiing).

Please note: Yellow post buses between St. Anton/St. Christoph (free section) and Lech Zürs are subject to a charge. **Sonnenkopf:** A free ski bus from Stuben am Arlberg to the lower Sonnenkopfbahn base station and back runs several times a day.

Arlberg Safety Card (ASC)

The ASC entitles you to a refund of rescue costs should you have a skiing accident in the Arlberg skiing area. The card is available at the ticket offices for € 15,00 (up to 8 days) or € 25,00 (from 9 days up to incl. season ticket). Only the purchaser is entitled to refunds, cards cannot be transferred or extended. In the event of an accident, the ASC holder must voluntarily present the card to the emergency services. You can find full information about the ASC at www.skiarlb.at

The following company is obliged to provide the services covered by the ASC and is a contractual partner of the holder of an ASC: Wucher Helicopter GmbH, Hans Wucher Platz 1, 6713 Ludesch, hotline: +43 664 15 31 192, www.wucher.at

Should you have incurred rescue costs, please forward the respective invoices to helicopter@wucher.at

Ski runs are marked and prepared if possible; they are checked and secured against atypical alpine dangers, especially avalanches.

Ski routes are marked and only secured against the risk of avalanches; they are generally not prepared or checked, or only in some cases.

For information on the current slope conditions refer to the panoramic boards at the cable car stations.

Ski run and ski route signs:

- = closed
- = open
- = yellow flashing light: Outside the safeguarded ski runs there is a risk of avalanches, grade 4 (= SEVERE) or 5 (= VERY SEVERE).
- = orange flashing light: Slope maintenance equipment in use

Slope closures and avalanche blasting: It is forbidden and a chargeable offence to enter closed ski runs and ski routes. It is not permitted, without exception, to enter forested areas and walk or sledge on ski runs. From the last checking run, immediately after the last ascent, ski runs and ski routes are closed due to the danger from slope maintenance vehicles and cable winches. Caution! No safety cordons! When there is a risk of avalanches, never use closed runs. In order to safeguard their own safety, people on tours outside the safeguarded and open ski runs are responsible for obtaining information about blasting from slope management. Please note: During and after fresh snow falls there will be avalanche blasting in the area - risk of avalanches! Avoid areas with avalanche risk at these times! Information at the base stations. Sking accidents: In the case of an accident, please report the accident with exact details using the emergency call point, nearest lift station or designated call point. For the telephone numbers for the ski run rescue service for the respective area, refer to the information block. The ski run rescue service is chargeable. Ski run preparation: The use of slope maintenance machines, also while the ski runs are in operation, cannot be avoided. Please be sure to keep a safe distance from these machines. Do not cross below slope maintenance vehicles on steep slopes as these may accidentally slip down. Where the view is restricted, in narrow passages or on cat-tracks, take extra care as slope maintenance vehicles may come the other way. Fresh snow: The Arlberg lifts and cable cars are well known for their efforts to offer perfect ski run conditions every day. However, when fresh snow falls it is unfortunately not always possible to prepare all runs at the same time, even with maximum deployment of slope maintenance equipment. Furthermore, in certain weather conditions fresh snow will not attach itself to the older snow covering below and will slip, forming heaps and bumps, in spite of the preparation work. This cannot be prevented, even with the best ski run management.

For safe enjoyment in our ski area please follow the valid FIS regulations for skiers and snowboarders and above all to be careful and considerate. The complete FIS regulations are available at many lift access points and at www.skiarberg.at
